January 31, 1942

This year has seen little activity in the Town Forest. The Committee inspected all three lots and found that all plantings were showing a satisfactory growth. An experiment in seeding both hardwood and red pine was started this fall on the Stimson lot, but as yet no results can be given.

## THE VOLUNTEER FIRE DEPARTMENT

---

February 1, 1942

In the past year the Department answered 21 alarms, as follows:

- 8 Chimney.
- 1 Auto, caused by a short circuit.
- 1 Shed, caused by hot ashes.
- 1 Poultryhouse, caused by an oil stove.
- 4 Grass, caused by burning rubbish, children playing with matches and two unknown.
- 1 Camp, from overheated stove.
- 3 Woods fires, burning rubbish and two unknown.
- 1 Icehouse, struck by lightning.
- 1 Woodpile and barn, caused by alcohol torch being used in repair of machinery.

A loss of \$16130 was suffered of which all but \$80 was covered by insurance.

Most of these fires were in some degree the result of carelessness.

At the last Town Meeting the sum of \$600.00 was appropriated for Fire Hose and Water Holes, of which

\$300.00 was paid for 500 feet of 1½ inch Fire Hose.

50.00 for a used 12000 gallon cylindrical steel tank.

104.00 for excavating, lowering and covering tank.

The advent of cold weather prevented the completion of the work until spring.

The tank was installed on property of Mr. Sidney Stockwell at North Dunbarton. Mr. Stockwell also bore the ex-

pense of moving the tank from Franklin, N. H., with members of the Department helping in the moving and installation.

An Auxiliary Fire School was begun this winter along the lines laid down by the State Council of Defense which will continue with outdoor practice as soon as weather permits.

At the annual meeting of the Department in August, the following Officers were elected:

## REPORT OF SCHOOL BOARD

---

*To the Inhabitants of the School District of Dunbarton.*

The School Board herewith submits its annual report for the year 1941:

Several important motions were passed at the Annual School District Meeting, March eight, 1941 which the School Board desires to bring to the attention of the people again, and to report on the way they have been carried out.

### *Entrance Age*

On motion of Cyrus Wheeler, voted that children within sixty days of school age at the beginning of school in September may be admitted at the discretion of parents. Prior to this children were admitted to the elementary schools at the beginning of the fall term at the age of five and one half years, or over, the first day of September.

### *Health Program*

On motion of Catherine Fuller, voted that the school nurse be instructed to send word to parents to keep children home from school who have symptoms of communicable diseases or colds. If parents persist in sending children so affected to school, the teachers shall send them home. If parents then refuse to cooperate the School Board shall act. Under the direction of the School Board the school nurse assists in preventing the spread of contagious diseases in two ways: first, by visiting children who are ill or are confined at home because of exposure to a contagious disease; and second, by examining those children who are attending school. The School Board expresses appreciation to those parents, who have cooperated with them in carrying out this health program.

*Fire Exits*

On motion of Robert Baker, voted that the School Board be instructed to look after fire exits in all of the buildings. A fire exit was constructed in each study room of the Center School. The hinges on the screen doors were changed allowing the doors to swing both ways.

*Repairs*

The interior and exterior of the Center School Building were painted. A cement pit was built in the basement of the school building around the water pipes. This construction was obviously essential for the underpinning was starting to cave in and the stringers to decay because of so much moisture and there was no convenient access to the pipes in case of repair work.

*Transportation*

April twenty sixth, the following ruling was made by the School Board: "Since school transportation routes are maintained by the School District for the purpose of transporting school children the School Board feels that drivers should not provide transportation for others except in cases where an emergency exists." This ruling is not intended to exempt high school pupils. Parents or guardians of school children living under two miles from the elementary schools, or parents or guardians of high school children must make separate contracts with the conveyor before their children may be transported.

*Special Meeting*

A special School District Meeting was called, December thirteenth, upon written application of ten legal voters. No action was taken at this meeting.

*Use of School Houses*

A request was made by Rev. Benjamin Fisher for the use of the Montalona School for Sunday Church Services during the summer. This request was granted. The Silver Birch 4H Club has improved the interior of the North Dunbarton

Schoolhouse, upon permission, and are using it as a club room. The privilege of using the Burnham Hill School, as an Observation Post for spotting airplanes was granted to Mr. Bartlett, Commander of the Goffstown American Legion Post.

*Air Raid Precaution*

Instructions have been given the teachers and children as to the correct procedure in case of air raid warnings. Pails of sand and long handled shovels have been placed in each school. A telephone has been installed in the Montalona Schoolhouse.

Respectfully submitted,

EVA A. TUCKER,

MARY I. STONE,

WESTON P. LORD,

*School Board.*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the School Board and Citizens of Dunbarton:*

It is with pleasure that I submit my first annual report as Superintendent of your schools.

During the summer vacation Miss Mary Stirk resigned her position as teacher in the South Dunbarton school. To fill this vacancy we secured the services of Miss Althea Quimby of South Essex, Massachusetts, a graduate of the State Teachers' College at Salem. Mrs. Taschia Dunlap, music teacher, also resigned. She was replaced by Mrs. Doris Buswell of Andover, New Hampshire.

Mrs. Josephine Swindlehurst studied at Keene Teachers' College last summer. Through the cooperation of the School Board it has been possible for all of our teachers to devote one day to visit and observe the work of other teachers. The efforts teachers make for improvement are very commendable. Our teaching force includes persons well trained professionally and competent in the execution of their work.

The enrollment last year as will be seen by the table at the end of this report was 77. This year to date 75 have been enrolled, showing no great change from the enrollments during the last few years.

Last year 10 boys and girls graduated from the eighth grade. Of this number seven have entered high schools in Concord, Manchester, and Goffstown, or elsewhere.

The report of Miss Edith Walker, the School Nurse, shows that she has made a valuable contribution to the physical

welfare of our school children. Her assistance in the care of childrens' health as well as the protection of the school membership against exposure to communicable disease is a service which should be thoroughly appreciated.

Schools will be affected in many ways by war conditions. War is no respecter of individual needs. Already there is a shortage of teachers. The draft and defense boom with inflated living costs, which compel low salaried teachers to accept better wages in business and industry, are responsible for this. The result is keener competition everywhere to secure and keep good teachers. Looking beyond the immediate danger to our children's educational welfare, we must realize that effective education is the bulwark of democracy in the future. When our young people leave our schools to take their places in society we want them to be well equipped to face the competition of modern living. Under these circumstances we should endeavor to keep good teachers as replacements will be difficult.

The cost of textbooks and supplies has already increased. Shortages in materials are developing. We may have to spend a little more for books and supplies. At the same time we must try to conserve on their use by steady effort to eliminate any waste or abuse of materials.

True patriotism can be shown by teachers and pupils alike in making the most of what we have and doing the best job possible in the face of difficulties.

The cooperation being shown by parents, other citizens, and members of the school organization is of great value to our schools and is very much appreciated.

Respectfully submitted,  
HARLAN E. ATHERTON,  
*Superintendent of Schools.*
